Let's Reflect

1. What was your test percentage? Was this a surprise to you or about what you expected?
2. Approximately how many hours did you dedicate to studying for this particular exam?
3. Were you nervous/anxious heading into the test? Why or why not?
4. Was there anything on the exam that surprised you or something that you didn't expect?
5. What activities/strategies helped you prepare for the exam, either at home or in-class? Were there any activities that we did in class preparing for the exam that turned out to be not very helpful?
6. What part of the exam did you do really well on? What part of the exam did you struggle on? Did this surprise you?
